

2018 Fall Supplier Diversity Events at the University of Richmond

Beginning September 18, the University and Barton Malow, lead contractor for the upcoming University of Richmond Well-Being Center and Basketball Training Facility projects, will hold two Supplier Diversity events.

The Steps for Success Training Program is a series of four 2-hour classes for contractors on estimating, scheduling, marketing, and proposal development.

On November 12, the University and Barton Malow will hold a Networking Breakfast where they will provide information on the business opportunities available related to the two upcoming projects and business-to-business introductory meetings.

Together these events allow businesses to develop professionally, network, and learn how to work with the University and Barton Malow.

We hope you will be a part of these remarkable events!
