As a small business leader, I have the privilege of supporting small businesses in our community. My primary role is to support Wells Fargo's small business strategy and assist our branch bankers in providing resources and services to meet the unique needs of small businesses. I take the time to listen and learn about their business and then support them in starting, managing, and growing their business. Wells Fargo is a premier provider of small business guidance and financial advice.

I have 15 years of service at Wells Fargo and have been focused on supporting the unique needs of business owners for eight years.

I am also a member of Middle Tyger Community Center and Women's Business Center of Charlotte.

I earned a bachelor's degree in Business Management from University of South Carolina.

Wells Fargo serves the small business community by providing appropriate options based on their needs, connecting them to resources and supporting them through all their business life stages.
